

# Electrical Service Request Form

Upon approval, electricity will be provided to the vendor's space based on the information provided below. The vendor must provide all electrical cords and other items as follows:

- All extension cords must be:
  - Outdoor Grade
  - 12/3 gauge wiring
  - Have a ground plug attached
- Household extension cords or plugs are NOT permitted. NO EXCEPTIONS.
- ALL power strips must be surge protected.

Failure to comply with electrical requirement may result in denial of service until vendor supplies proper equipment.

Vendor Information	
<b>Name of Business or Company:</b>	<b>Business Phone:</b>
<b>Contact Person:</b>	<b>Email:</b>

**Directions:** Please use the following key to indicate the type of plug. All information can be found on the appliance or equipment. **Please list EVERY piece of equipment requiring power - or we cannot guarantee that you will be supplied enough power.** This includes cell phone charger, laptops, radios/CD players, etc.

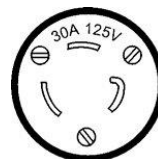

15A Edison
