

The International Brotherhood of Electrical Workers Local Union 595

About IBEW LU 595 encompasses Alameda County as well as San Joaquin/Calaveras Counties. Chartered in 1907, we are the largest IBEW local in Northern California with over 2000 members. Inside Wiremen provide electrical services to companies like the Port of Oakland, the Lawrence Livermore Lab, The Berkeley National Lab and many others. Our skilled Electricians build out new homes, condominiums, apartment developments, schools and libraries using state of the art techniques to save energy and money for owners and end users, including renewable methods like solar, wind and thermal. Members in the Voice/Data/Video sector work on wireless, fiber optic, cell sites, network systems, audio/visual systems, security systems, fire/life safety systems and CATV.

Achievements

- The Zero Net Energy Training Center shows our commitment to energy conservation
- Our collective vision to sustainable careers in the Electrical Industry strengthens communities
- Proven leadership in on-site power generation, building automation and efficiency technology
- Advocates for California's Energy Policies

Location

6250 Village Parkway, Dublin, CA 94568
